Subject: Re: Seeking Comments - Proposed Quarry at Bow Farm (cross-boundary application) - Ref: 19/000048/CM

Dear Mr. Aldridge,

I considered the application with respect to the work within the Worcestershire boundary during mid-January and considered that there was no reason to object to the proposals. This view was supported at our routine CPRE meeting on 19th January.

Dear Mr Aldridge

On behalf of CPRE Gloucestershire, I apologise if you have not yet received any comments from CPRE. I have been taking the lead for CPRE Gloucestershire and I suspect that CPRE Worcestershire may have been waiting for us to prepare a response for coordination with them. Your email below did not reach me until the end of last week but we will do our best to meet your deadline.

With thanks for your forbearance and best wishes

David Bayne
Secretary, CPRE Gloucestershire

Subject: Seeking Comments - Proposed Quarry at Bow Farm (cross-boundary application) - Ref: 19/000048/CM

Dear Sir/Madam,

Application Ref: 19/000048/CM **Grid Ref:** (E) 387437, (N) 236795

Applicant: M C Cullimore (Gravels) Ltd

Proposal: Proposed extraction of sand and gravel with restoration using site derived and imported inert material to wetland, nature conservation and agriculture (**cross-boundary application**)

Location: Land at Bow Farm, Bow Lane, Ripple, Worcestershire

M C Cullimore (Gravels) Ltd is applying to Worcestershire County Council for planning permission for the above proposal. The planning application is accompanied by an Environmental Statement.

The applicant is seeking planning permission to extract approximately 1.5 million tonnes of sand and gravel over a total of 11 phases. The land would be progressively restored using site derived and imported inert material to a wetland, nature conservation and agriculture. The applicant estimates the development would take approximately 9 years to complete.

The application site straddles the administrative boundaries of Worcestershire and Gloucestershire. **Parallel applications have been submitted to both Worcestershire County Council and Gloucestershire County Council.** The majority of the mineral extraction is proposed within Worcestershire, with the proposed processing plant site and

access onto the A38 within Gloucestershire (Gloucestershire County Council Ref: 19/0081/TWMAJM)..

The planning application, the plans, the Environmental Statement, Non-Technical Summary and relevant documents are available to view on <http://e-planning.worcestershire.gov.uk> using application reference: 19/000048/CM. When searching by application reference, please ensure that the full application reference number, including the suffix are entered into the search field.

I would be grateful for any comments you may have on the above application by **17 January 2020**. If this is not possible please let me know.

Please do not hesitate to contact me if you have any queries.

Kind regards

Steve
